

Overview

C4EU is a smart AC charger providing shared charging service to EV users. With intelligent output control and both B case (socket-outlet) and C case (vehicle connector) connection choices, one single C4EU charger can meet two customers' different requirements at the same time. 10.1-inch HD anti-glare touchscreen, as well as ground-mounted installation methods, C4EU provides abundant space for update and powerful technical support for complex charging environment

Main features

- **Simple Design**
The overall outline is simple and bright. Embedded cable-in and out model is designed for safe usage.
- **Visualized Charging Status**
C4EU is equipped with 10.1-inch HD touch screen. Quick response and HD display clearly indicate charging status for EV users.
- **Flexible Extention**
Onboard smart operation system developed exclusive by XCharge, allows each element to become customizable, bringing the ultimate interactive experience.
- **Ultra-long Life**
Select top brand electrical controller with ultra-long life, which easures every single minute of charging is safe and reliable.

Dimensions

400x360x1550 mm

General Specification

Product	C4EU
Dimensions	400x360x1550 mm
Weight	60 kg
Screen Size	10 Inches Touchscreen
Input Voltage	1-phase 220 VAC \pm 10% 50 Hz 3-phase 380 VAC \pm 10% 50 Hz
Maximum Input Power	44kW 63A
Power Factor	> 99% at a nominal output power
Maximum Output Power	1-phase 7 kW 3-phase 22 kW
Connection	Type 2 socket
Communication Protocol	OCPP 1.6/XCHARGE Protocol
Operation System	Android
Network Carrier	2G/3G/4G/LAN/WiFi
Payment Mode	RFID / QR Code / APP
Advertising/Branding	Yes (jpg, png, mp4)
Ground Load Bearing	At least 80 kg
Operating Temperature	-25°C ~ 50°C
Operating Humidity	5%~95%
Mechanical impacts Protection	IK10
Protection Level	IP54
Metering	Internal AC meter with MID
RCD	Type A with 6mA DC detection / Type B
Parking Zone Management	Radar and delay fee system + parking locker (optional)
Safety Protection	Over/Undervoltage Protection, Overload Protection, Short Circuit Protection, Anti-access Protection, Earth Leakage Protection, Lightning Protection, Overheat Protection
